QUEST INTERNATIONAL UNIVERSITY

QIU AI VIDEO INNOVATION CHALLENGE PROPOSAL

Tentative Date:

22/06/2026 – 14/07/2026

Duration:

1.5-hour Workshop + 2-Week Competition
+ 1-Week Judging

Organised by:

Prof. Dr. Lee Lam Hong and Team

1.0 Introduction

Artificial Intelligence (AI) is rapidly transforming industries, education, business operations, marketing, media production, and digital communication worldwide. With generative AI technologies gaining global momentum, it is increasingly vital for university students to gain practical exposure and hands-on experience with AI-powered tools regardless of their academic background.

The QIU AI Video Innovation Challenge is organised to introduce students to emerging AI technologies through an engaging and experiential learning approach. Unlike conventional learning methods, this initiative allows students to explore AI video generation creatively by producing promotional and educational content related to QIU, including university facilities, academic programmes, clubs, societies, student experiences, and campus life.

The competition is designed to be inclusive and interdisciplinary, encouraging participation from students across all faculties, including the Faculty of Computing and Engineering, Faculty of Business and Management, Faculty of Social Sciences, Faculty of Integrated Life Sciences, Faculty of Medicine, and Faculty of Pharmacy. Through this initiative, students will gain exposure to AI-generated content creation, prompt engineering, storytelling, digital creativity, and responsible AI utilisation.

Furthermore, this event supports the university's digital transformation initiatives by fostering innovation culture and producing student-generated promotional materials that may contribute to future university marketing and branding efforts

2.0 Objectives

- I. To expose students to emerging Artificial Intelligence tools and generative AI technologies through hands-on learning experiences.
- II. To encourage students from various academic disciplines to explore digital creativity and innovation using AI-powered platforms.
- III. To cultivate practical AI literacy and future-ready digital competencies among university students.
- IV. To generate creative university-related promotional and educational content utilizing Artificial Intelligence technologies.
- V. To strengthen the university's innovation culture and digital transformation initiatives through student engagement activities.

3.0 Target Participants

- Expected number of participants: 60
- Eligibility: All QIU Students
- Participation Mode: Individual / Teams (recommended team size: 2–5 members).

4.0 Project Timeline

- Online Workshop & Briefing: 22 June 2026 (1.5-hour)
- Creation Period (2-week): 22 June 2026 – 6 July 2026
- Submission Deadline: 6 July 2026 (11:59 PM)
- Judging Period (1 Week): 7 July 2026 – 13 July 2026
- Winner Announcement: 14 July 2026

5.0 Proposed Activities

Name of the Activity	Description of Activity
AI Video Generation Workshop & Competition Briefing	<i>Participants will attend a 1.5-hours virtual workshop introducing AI video generation technologies, prompt engineering basics, AI platforms, and guidance on claiming complimentary Google AI Pro trial credits.</i>
AI Video Production Sprint	<i>Participants will independently create AI-generated videos related to QIU within a 2-week challenge duration utilizing any preferred AI platforms. Videos must be strictly a maximum of 3 minutes.</i>
Submission Process	<i>Each registered participant will receive an individual Google Drive submission folder labelled with their name and student ID for organised submission management.</i>
Evaluation & Judging	<i>Submitted videos will be evaluated by appointed judges based on creativity, AI utilisation, storytelling, relevance to theme, and presentation quality. Participants will upload their 3-minute videos to a designated Google Drive link before the 6 July deadline. A 1-week judging period will follow to determine the winners.</i>
Winner Announcement	<i>Winners will be announced after the judging process through official university communication channels.</i>

6.0 Approved Competition Themes

To ensure the competition remains highly relevant to the university's identity and engaging for a diverse student population, participants must select one of the following pre-approved themes for their AI video creation:

Category A: Campus Facilities & Spaces

- La Place Culinary Tour: Showcasing the diverse food options available for all backgrounds and cultures within the QIU Cafeteria.
- The Library Experience: Contrasting the productivity of the quiet study zones with the collaboration of group study areas.
- Academic Spaces Focus: A creative tour inside QIU's specialized science laboratories or engineering and computer labs, highlighting the industry-standard software students utilise daily.
- Student Lounge & Relaxation: Highlighting the dedicated zones where students nap, chat, network, or unwind between active lecture blocks.
- Logistics & Accommodation: Practical guides regarding parking, local transport networks, or the safe and convenient lifestyle within the QIU hostels.

Category B: Student Life & Daily Routine

- Day-in-the-Life Chronicles: An immersive vlog tracing a typical Monday morning or detailing the general routines of students from different faculties.
- The Real Student Journey: Fun, relatable concepts such as "What's in my bag (Student Edition)," handling last-minute assignment panic, or where group project teams gather on campus.
- Ipoh Student Guide: A curated insider guide highlighting the best budget food spots, hidden gems, and entertainment venues around Ipoh for QIU students.
- Weekend Ingress/Egress: Visualizing how students travel back home for weekends via carpooling, bus networks, or local rail transport (KTM/ETS).

Category C: Academic, Learning & Mentorship

- Navigating Higher Education: Creative breakdowns on how to seek academic assistance effectively, utilizing either office hours or formal email communication.
- Peer Support Networks: Showcasing how the official QIU tutoring and mentoring services operate to support student academic development.
- Inspirational Learning: Documenting the most interesting classes attended on campus or a survival-guide style vlog dealing with study week and exam seasons.

Category D: Clubs, Events & Cultural Diversity

- Club Spotlights: Introducing the unique stories, missions, and activities of individual student clubs and societies on campus.
- Campus Milestones & Traditions: Capturing the excitement of orientation week flashbacks, sports days, or charitable community drives led by students.
- Multicultural Celebrations: Documenting how festival seasons like Ramadhan, Chinese New Year, and Deepavali bring the campus community together.
- Global Student Harmony: Highlighting the integration of local and international students, such as exchange sessions teaching useful local Malay phrases or sharing multi-lingual greetings.

7.0 Competition Guidelines

- Participation is open exclusively to QIU students.
- Participants may compete individually or in teams (recommended team size: 2–5 members).
- Videos must be related to QIU, including academic programmes, facilities, student life, clubs, societies, or university experiences.
- Videos unrelated to QIU will be automatically disqualified.
- Video duration must be between 1 to maximum 3 minutes.
- At least 80% of the submitted video content must be AI-generated.
- Participants are free to utilise any AI platform or software without restriction.
- Any additional AI platform usage costs incurred beyond the complimentary credits shall be borne individually by participants.
- Late submissions will not be accepted to ensure fairness to all participants.
- Offensive, inappropriate, plagiarized, or harmful content will result in immediate disqualification.

By participating in the competition, participants grant QIU permission to utilise submitted content for university promotional, educational, and marketing purposes where appropriate.

Participants are required to utilise AI technologies responsibly and ethically throughout the competition. All submitted content must comply with university values and ethical standards.

Participants must ensure:

1. No plagiarism or copyright infringement
2. No offensive or discriminatory content
3. No misinformation or harmful materials
4. No inappropriate manipulation of university branding
5. Respectful and professional representation of QIU

Failure to comply with these guidelines may result in disqualification.

8.0 Judging Panel

To ensure a fair and comprehensive evaluation of the 3-minute video submissions, the competition will be assessed by an official judging panel representing key university departments.

Judging Panel:

Representative(s) from the QIU Student Life Division.

Representative(s) from the QIU Digital Communication Department.

One External Judge (Industrial Advisor) recommended by the School of Communication.

9.0 Judging Criteria

Criteria	Description	Percentage
<i>Creativity & Originality</i>	Evaluation of unique ideas, storytelling approach, and innovative use of AI tools	30%
<i>AI Utilisation Quality</i>	Assessment of how well AI tools are integrated into the production process	30%
<i>Relevance to Theme & QIU</i>	Originality of the promotional narrative or storyline. Is the video closely and effectively aligned with the theme and QIU?	20%
<i>Storytelling & Engagement</i>	Strength of narrative structure, emotional engagement, and clarity of message	20%

10.0 Online Briefing Itinerary

TIME START	TIME END	AGENDA
8.30am	8.40am	Participant Registration
8.40am	8.45am	Grand Opening / Opening Ceremony
8.45am	9.30am	Google AI Pro Tutorial & Credit Claiming
9.30am	9.45am	Q&A Session
9.45am	10.00am	Closing Ceremony & Sprint Commencement

11.0 Logistic Arrangements

Transportation not required.

12.0 Event Committee & Responsibilities

Name	Role	Responsibility
Leong Jin Zhou	Project Director	Lead the virtual briefing, manage submissions, and coordinate the tutorial.
Soo Yau Ming	Technical Coordinator	Manage Google Drive links, assist with Google AI Pro troubleshooting.
Prof. Dr. Lee Lam Hong	Advisor	Oversee event compliance and provide faculty guidance.

13.0 Propose Budget

No	Description of Items	Price (RM)	Quantity	Total (RM)
REVENUE				
1	QIU Sponsorship	4,700	1	4,700.00
2	Participation Fee	5	60	300.00
Total				5,000.00
EXPENSES				
1	First Prize	2,000	1	2,000.00
2	Second Prize	1,000	1	1,000.00
3	Third Prize	500	1	500.00
4	4 th – 6 th Merit Awards	300	3	900.00
5	7 th – 10 th Merit Awards	150	4	600.00
Total				5,000.00
Profit / Loss				0

- *Remark : The prize amount will be awarded in the form of a tuition fee deduction. However, for students in their final semester or students receiving full PTPTN loan coverage, the prize amount will instead be credited into their QIU eWallet.*

14.0 Conclusion

The AI Video Innovation Challenge 2026 represents a forward-thinking initiative that aligns with current technological trends, educational transformation, and industry demands. By providing students with practical exposure to generative AI technologies through creative content production, the event promotes innovation, digital literacy, and future-ready skill development among students from all academic disciplines.

The initiative not only supports Sustainable Development Goals (SDGs) but also strengthens the university's commitment towards digital transformation, innovation culture, and student empowerment. Through this competition, QIU will further position itself as a progressive institution that embraces emerging technologies and prepares students for the evolving digital future.
